

Hi, my name is

Nameesh.

Aspiring MEA(R)N full stack developer.

I'm a full stack web developer specializing in designing and building beautiful web sites. Currently, I'm focused on Java Script, to upgrade my professional skills.

About Me

Hello! My name is Nameesh and I enjoy creating things that live on the internet. My interest in web development started back in 2019 when I decided to try editing custom Template themes — turns out making a custom rebuild websites taught me a lot about HTML & CSS!

I also recently studing MEA(R)N full satck that covers everything you need to build a web site with the Java Script using Node & React.

Here are a few technologies I've been working with recently:

- JavaScript (ES6+)
- React
- Node.js
- HTML
- CSS
- Bootstrap
